Berea Fire Department Policy For Reserving Fire Safety House

Calling For Availability:

- Calls for request must be made at least one month in advance prior to event.
- What type event fire safety house is needed for.
- How many people and what will be the age group and target audience.
- Location and geography of the event area and its facilities for setting up safety house.
- Fire Dept. may need to visit site prior to event for access and setting up.

Restrictions for use:

- Due to safety reasons, the safety house will not travel in inclement weather (rain, snow, ice or threatening weather) Fire Dept. will make final decision if weather is a concern on the day of event.
- Fire safety house will only be hauled by employees of Berea District.
- Fire safety house will only be scheduled for events lasting three hours or more.
- Primary focus will be on scheduling events within our fire district. Any event scheduled outside the district will be approved by the Fire Chief.

Responsibilities of requesting organization:

- If event will take place outside Berea Fire District, the requesting organization will be responsible for contacting the fire department that has jurisdiction to request permission and firefighters to assist with the fire safety house. (two personnel)
- Berea Fire Department reserves the right to cancel event due to weather, lack of staffing, travel distance, emergency duties or any unforeseen circumstances.
- Contact: JJ Arrowood, Alan Myers or Brian Dobbins to schedule.
